

Your Instructor – Mike Shiflett, Director of Training, CFII,MEI, ATP – Former FAA Designated Pilot Examiner for Initial CFIs and UK CAA Examiner.

5 things that will instantly improve your flying that you were NEVER taught in flight school –

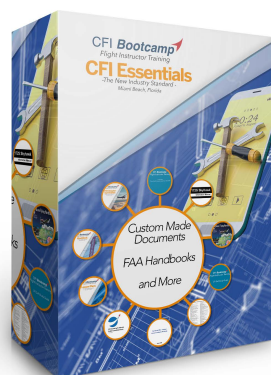

- 1. How to descend at Exactly the right moment
- 2. Improve your crosswind landings by hearing two things
- 3. Landings are about aiming the airplane – Power doesn't control altitude!
- 4. ATC communications – Getting what you want more often – It's a small tweak!
- 5. Staying coordinated – If you are using the ball, it's already too late
